Ac Voltage Rating:
208.0 volts
Test Type For Which Designed:
Continuity and insulation resistance testing
Operating Test Capability:
Prgrmabl insulation vltg range025-1500 vdc; prgrmabl continuity current range .005-2.5 a; prgrmabl resistance limits .01-1000 m ohms
Phase:
Three
Shelf Life:
N/a
Unit Of Measure:

Yes - demil/mli

Demilitarization:

Fiig:

T228-a
