Major Components:

Ground strap; safety enclosure; hvls test plate; ground cable; twt p.S.Test plate

Accessory Component Quantity:

1 and 1 and 1 and 1 and 2

End Application:

An/alm-246; an/alr-56 se

Accessory Controlling Agency:

Honeywell inc.

Accessory Identifying Number:

10072929-101 part no. And 10073359-101 part no. And 10073364-101 part no. And 10074214-101 part no. And 10091520-101 part no.

Test Type For Which Designed:

High voltage interaction

Special Features:

Input 400 hz power line; input 28 vdc power line

Reference Data And Literature:

Contract no. F33657-83-c-0043, document no. 68-70-1, serd 8614

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T228-a
