Overall Length:

2.250 inches

Overall Height:

0.750 inches

Overall Width:

2.250 inches

End Application:

6625-01-255-1620 test set, elect. Systems

Component Type And Quantity:

2 connector and 2 post and 1 printed wiring board

Special Features:

Component type and quantity: clevis, rod end 2; mounting method and configuration: two 0.138 inch diameter holes on 1.875 inch center

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
