Overall Length:
2.250 inches
Overall Height:
0.750 inches
Overall Width:
2.250 inches
End Application:
6625-01-255-1620 test set, elect. Systems
Component Type And Quantity:
2 connector and 2 post and 1 printed wiring board
Special Features:
Component type and quantity: clevis, rod end 2; mounting method and configuration: two 0.138 inch diameter holes on 1.875 inch center
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A511I0
