Special Features:

Width: 13.500 in.Nom; dc voltage rating: 12.0 volts min and 30.0 volts max; rating frequency: 48.0 hertz min and 400.0 hertz max; depth: 18.300 in.Nom; elec pwr source relationship: alternate operating; test type for which designed: hp-1b capability; operating test capability: lineari type 0.05 db/db; height: 7.500 in.Nom;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A504n0
