Scale Division Quantity:

9 single indicator all ranges

Indicator Type:

Dial w/pointer

Installation Design:

Panel

Register Quantity:

2

Pointer Color:

Red single indicator all ranges

Mounting Facility Type And Quantity:

2 clip

Display Digit Quantity:

9

Scale Graduation Type:

Linear single indicator single range

Display Color:

Red single indicator all ranges

Circuit Attachment Method And Quantity:

2 clip

Style Designator:

C1 round flush mtg

Purchase Description Identification:

2g954-c5076758

Fsc Application Data:

Meteorological data system

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
