General Description:

Rf impedance 50 ohms; impedance 50 ohms; frequency range 0.1 to 18.0 ghz; dynamic attenuation range 40db; frequency response 50 khz dc; operating temperature range 0 to 70 degrees c; input power plus 33 dbm; model f1109 assembled in cabi net

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
