End Application:

MODE-M,-TEL-EGRA

Power Source:

Self-contained

Input Intelligence Type:

Digital

Output Intelligence Type:

Digitizer

Special Features:

Capable of exercising ram and programming eproms

Functional Description:

Performs go/no go testing, fault isolation, and in-circuit programming on the processor memory cca

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A30800
