End Application:

Radio frequency test station p/n 717744000-009

Component Type And Quantity:

10 connector and 1 cover and 1 housing and 6 resistor and 1 switch

Special Features:

Component type and quantity: circuit card assembly 2

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511I0
