End Application:

6625-01-263-9442, test set, fiberoptic cable

Unit Type:

Optical time domain reflectometer

Special Features:

Vmultimode module; wavelength: 850nm porm 30 nm; pulse widths 20 ns, 100ns; scattering range: 20 db min., 23 db typ.; 32 km distance range; connectors: fs standard, deutsch, biconic, diamond; laser safety classification: 21 cfr class i

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-b
