**Overall Length:**

20.000 inches

**Overall Height:**

7.000 inches

**Overall Width:**

16.750 inches

**Ac Voltage Rating:**

115.0 volts

**Frequency Rating:**

60.0 hertz

**Electrical Power Source Relationship:**

Operating

**Indicator Type:**

Cathode ray tube

**Unpackaged Unit Weight:**

48.000 pounds

**Phase:**

Single

**Functional Description:**

Network analyzer

**Supplementary Features:**

Freq range 300khz to 1.3ghz; direct save/recall to external disk drive; 100db dynamic range; 2-independent display channels; impedance 50 ohms; color display

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T263-c
