Overall Length:

6.437 inches

Overall Height:

0.625 inches

Overall Width:

5.125 inches

End Application:

6625-01-272-3874 generator, signal

Component Type And Quantity:

1 cable and 1 clamp and 13 connector and 3 contact and 1 printed wiring board

Special Features:

Major components and quantity: polarizing key 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A51110
