End Application:

Milstar

Test Item Connection Method:

Connector

Functional Description:

Provides physical/electrical interface between agc/downconverter (p/n g339571-1) and mate test station

Reference Data And Literature:

F19628-85-c-0004, serd 351

Supplementary Features:

1-connector p/n g339577-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A537k0
