Overall Length:

13.228 inches

Overall Height:

4.000 inches

Overall Width:

5.000 inches

End Application:

6625-01-260-8208 test set computer

Component Type And Quantity:

1 connector and 2 jack and 2 resistor

Special Features:

Mounting method and configuration: screw; four 0.316 inch diameter unthreaded holes on 3.250 inch by 4.250 inch centers; front plate
legend: danger high voltage, p1; danger 300 vdc, p2; gnd, p3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511I0
