**Circuit Current For Which Designed:**

Dc

**Indicator Type:**

Bargraph

**Installation Design:**

Panel

**Display Type:**

Light emitting diode

**Measurement Range:**

+0.0/+300.0 hertz single indicator single range

**Circuit Attachment Method And Quantity:**

2 connector, receptacle

**Style Designator:**

Rectangular flush mtg

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A310a0
