Circuit Current For Which Designed:

Dc

Indicator Type:

Bargraph

Installation Design:

Panel

Display Type:

Light emitting diode

Measurement Range:

+0.0/+300.0 hertz single indicator single range

Circuit Attachment Method And Quantity:

2 connector, receptacle

Style Designator:

Rectangular flush mtg

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
