Overall Length:

1.710 inches

End Application:

Support equipment, c-130 aircraft

Test Item Connection Method:

Integral spring clip

Criticality Code Justification:

Feat

Special Features:

14 pin high density type. Weapon system essential

Material:

Plastic polyamide body

Precious Material And Location:

Terminal surfaces silver

Precious Material:

Silver

Fsc Application Data:

Elec, elect. Properties measuring and test instruments

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
