End Application:

51275//td-2000 optical time domain reflectometer

General Description:

Qtests multimode fiber optic cables; center wavelength 1300 porm 20 nm; dynamic range 1-way backscatter 18 db; event deadzone <6 meters; distance resolution 0.5-4 meters; distance range 8-64 km; inchg w/ other modules

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
