Circuit Current For Which Designed:

Dc

End Application:

Great lakes instruments strip chrecorders, models 280, 282, 450, 451, 452

Sensitivity Rating:

1.0 milliamperes

Special Features:

This galvanometer is the pen assembly which includes the stylus for recording the data on pressure sensitive paper

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
