Overall Length:

10.600 inches

Overall Height:

3.500 inches

Overall Width:

7.300 inches

End Application:

Automated surface observing system (asos)

Mounting Method:

Case

Measurement Type:

Frequency and time

Frequency Range:

+0.000/+1.300 gigahertz f1 input ratio

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T297-a
