**End Application:**

6625-01-206-5368 semiconductor test

**Special Features:**

Three-point probe permits one handed connection to transistors installed on printed circuit boards

**General Description:**

Plastic body; 5 ft leads

**Fsc Application Data:**

Elec, elect. Properties measuring and test instruments

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
