Circuit Current For Which Designed:

Dc

Indicator Type:

Dial w/pointer

Installation Design:

Panel

Power Source:

External

Scale Graduation Type:

Linear single indicator single range

Measurement Range:

+0.0/+1.0 amperes, dc single indicator single range

Nuclear Hardness Critical Feature:

Nonhardened

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
