**Dc Voltage Rating:**

0.0 volts

**Frequency Range Rating:**

+100.000/+22000000000.000 hertz

**Furnished Items And Quantity:**

Power meter, 1; color display 1; local oscillator, 1; precision frequency reference, 1; if section, 2; rf section, 1

**Frequency Band Quantity:**

6

**Frequency Channel Quantity:**

3

**Cathode Ray Tube Displayed Information:**

Measurements and color display

**Phase:**

Single

**Special Features:**

Automated, reconfigurable measurement systems: highest performance from rf through lightwave

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A532p0
