Dc Voltage Rating:
0.0 volts
Frequency Range Rating:
+100.000/+22000000000.000 hertz
Furnished Items And Quantity:
Power meter, 1; color display 1; local oscillator, 1; precision frequency reference, 1; if section, 2; rf section, 1
Frequency Band Quantity:
6
Frequency Channel Quantity:
3
Cathode Ray Tube Displayed Information:
Measurements and color display
Phase:
Single
Special Features:
Automated, reconfigurable measurement systems: highest performance from rf through lightwave
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A532p0
