Dc Voltage Rating:

0.0 volts

Frequency Range Rating:

+100.000/+22000000000.000 hertz

Furnished Items And Quantity:

Power meter, 1; color display 1; local oscillator, 1; precision frequency reference, 1; if section, 2; rf section, 1

Frequency Band Quantity:

6

Frequency Channel Quantity:

3

Cathode Ray Tube Displayed Information:

Measurements and color display

Phase:

Single

Special Features:

Automated, reconfigurable measurement systems: highest performance from rf through lightwave

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A532p0
