NSN 6625-01-386-1271

Application Program Set - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/6625-01-386-1271

Accessory Component Quantity: End Application: B2 aircraft Component Quantity: Supply Items And Quantities: Chassis module, slide mounting brackets, 2 elco connectors, 1 gpib connector, power connector 5266c, input line cord 8 ft, lighte breaker, dip switch dls-4sd, 2 handles End Item Source: 28916 End Item Name: Tews depot ate Functional Description: This gpib programmable device remotely programs various load settings; 23 independently programmable outputs may be routed to panel connector; dc voltage range between o-10 volts Supplementary Features: 2 manuals incld Shelf Life: N/a	ed circui
End Application: B2 aircraft Component Quantity: 6 Supply Items And Quantities: Chassis module, slide mounting brackets, 2 elco connectors, 1 gpib connector, power connector 5266c, input line cord 8 ft, lighte breaker, dip switch dls-4sd, 2 handles End Item Source: 26916 End Item Name: Tews depot ate Functional Description: This gpib programmable device remotely programs various load settings; 23 independently programmable outputs may be routed to panel connector; dc voltage range between o-10 volts Supplementary Features: 2 manuals incld Shelf Life:	ed circui
