Mounting Type:

Portable case

Overall Length:

72.220 inches

Overall Height:

61.120 inches

Overall Width:

35.120 inches

End Application:

Milstar nha g405566

Voltage Rating:

115.0 volts

Supplementary Features:

Caster mounted containing high voltage power supply, voltage inverter, filter assembly, load measurement assembly, cables, etc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T320-j
