End Application:

C-130

Inclosure Feature:

Single item w/carrying case

Test Type For Which Designed:

Functional testing and calibration

Special Features:

T36c is 14.5 x 9.4 x 6.5, 19 lbs, nicad batteries; 175 hz; company part number is also reflected as 90-000-077

Supplementary Features:

This item has the same function and cost less than nsn 4920013246449, has operational advantages; advantages include flight line ruggedness with full bench function, all rf channels are crystal controlled, 3 rf signal generators permit simultaneous loc, gs, & mbtesting, loc & gs can be continuously varied over their full range, high power permits testing from within the cockpit, considerably longer battery life broader temperature range for flight line reliability, designed to meet current icao/rtca/faa standards

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fiig:

T228-a
