**Overall Length:**

23.000 inches

**Overall Height:**

30.000 inches

**Overall Width:**

21.000 inches

**End Application:**

An/tlq-32, 5865-01-394-4324, anti-radiation missile decoy system

**Special Features:**

Requested name power converter test fixture load

**Functional Description:**

Provides the uut w/the required timing signals to allow testing outside of the system

**Supplementary Features:**

Power converter test fixture load for 253048-1a, 253390-1, & 253392-1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537k0
