Overall Length:

23.000 inches

Overall Height:

30.000 inches

Overall Width:

21.000 inches

End Application:

An/tlq-32, 5865-01-394-4324, anti-radiation missile decoy system

Special Features:

Requested name power converter test fixture load

Functional Description:

Provides the uut w/the required timing signals to allow testing outside of the system

Supplementary Features:

Power converter test fixture load for 253048-1a, 253390-1, & 253392-1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
