**Major Components:**

Pentascanner; 2-way injector; serial cable; two rj-45 patch cables; pentascanner user guide; quick reference guide; 2-way injector user guide; two ac adapters; & option cb3570-05 n-series adapter

**Electrical Power Source Relationship:**

Operating

**Internal Battery Accommodation:**

Included

**Inclosure Feature:**

Multiple item w/housing

**Test Type For Which Designed:**

Performs certification, diagnostic tests, & determines pass/fail indication of e1a 568a network standard on category 5 & iso class d cabling, 100 mhz lans

**Operating Test Capability:**

Near-end crosstalk; attenuation; resistance; impedance; length; & capacitance

**Special Features:**

Requested name test set network cable; mfg name is pentascanner; graphically displays wire map; prints reports; 500 autotest storage; handheld; 2-way injector provides near-end crosstalk & attenuation-to-crosstalk ratio on both the wiring closet & workstation ends of installed link

**Supplementary Features:**

Actual mfg is microtest; distributor is combyte; combyte/79746 is in status u-restraint therefore cannot be the cc/vc 3/2 part number

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fiig:**

T228-a
