Mounting Type:

Portable

Overall Length:

3.500 inches

Overall Height:

1.000 inches

Overall Width:

2.500 inches

Current Type:

Dc

End Application:

An/tps-7 (v) ; pressure dehydrator

Internal Battery Accommodation:

Included

Voltage Rating:

9.0 volts

Maximum Signal Output:

P3dbm 600 ohms

Supplementary Features:

Performs telephone line tests; alligator clip connection; 3 tones; led indicator; 9v neda 1604a; supplies talk power to allow communication between handsets or powering a telephone

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T320-j
