

View Online at <https://aerobasegroup.com/nsn/6625-01-432-2256>

Special Features:

200 khz; true 16 bit das digitizer; on-board sequencer; dual channel dma controller; 8 differential inputs; expands up to 256 channels; voltage and current input protection; 96 db peak distortion; vxi register based; dc to dc converter powered by 5v; seven level interrupt; variable sampling rate; self-test capability

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A30800
