Circuit Current For Which Designed:

Ac

End Application:

6625-01-399-1759

Furnished Items And Quantity:

A6302 & a6303 clamp on probes

Indicator Type:

Digital display

Installation Design:

Bench

Display Type:

Light emitting diode

Display Digit Quantity:

3

Measurement Range:

+0.0/+100.0 amperes single indicator single range

Scale Selection Method:

Terminal

Circuit Attachment Method And Quantity:

1 clamp-on

Functional Classification:

Aa-1.2

Style Designator:

D1 rectangular or square

Supplementary Features:

Dc to 50mhz

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
