Frequency Range Rating:
+0.000/+51.200 kilohertz
Input Impedance Rating:
1.0 megohms
Extra Long Reference Number:
35670a-opt/ax4/ay6/ufc/uff/1c2/1d1/1d4/1f0
Special Features:
Real-time octave measurements; arbitrary waveform source; rack flange kit without handles; hp instrument basic; added 8 mb ram; added
1 mb nonvolatile ram; pc style keyboard - usa
Reference Number Differentiating Characteristics:
As differentiated by extra long reference number
Shelf Life:
N/a
Unit Of Measure:

Demilitarization:
No
Fiia:
