Frequency Range Rating:

+0.000/+51.200 kilohertz

Input Impedance Rating:

1.0 megohms

Extra Long Reference Number:

35670a-opt/ax4/ay6/ufc/uff/1c2/1d1/1d4/1f0

Special Features:

Real-time octave measurements; arbitrary waveform source; rack flange kit without handles; hp instrument basic; added 8 mb ram; added 1 mb nonvolatile ram; pc style keyboard - usa

Reference Number Differentiating Characteristics:

As differentiated by extra long reference number

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A532p0
