Overall Length:

29.150 inches

Overall Height:

14.550 inches

Overall Width:

17.360 inches

End Application:

Consolidated automated support system

Component Type And Quantity:

1 plane and 1 waveguide

Product Name:

Recorder subassembly

Special Features:

Ipa window, morror, focal plane array

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A5110
