Overall Length:

18.000 inches

Overall Height:

6.000 inches

Overall Width:

15.000 inches

End Application:

C-130h; tests p/n 444r373g02 low voltage pwr sup; intepro 6500 power supply test station

Component Type And Quantity:

16 connector and 1 panel

Special Features:

Low voltage power supply ripple module input panel assembly

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A51110
