Product Name:

High voltage probe

General Description:

Readout available; 250 megahertz bandwidth; 1.75 nanosecond rise time; 10 megaohm per 2.75 picofarad loading; 2.5 kilovolts input; 10 feet length; silicone dielectric; 7 to 30 picofarads direct current to rms; ul listed

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A23900
