End Application:

Atec6000, racal instruments inc

Special Features:

Dual programmable resistance module; dual channels; 4 decades per channel; 0-999.9 ohm resistance range; 0.01 pct of range resolution; 1000 steps per channel; 200 vdc maximum voltage; c-size, single-slot vxibus module

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T228-b
