**End Application:**

Atec6000, racal instruments inc

**Special Features:**

Dual programmable resistance module; dual channels; 4 decades per channel; 0-9999.0 ohm resistance range; 0.01 pct of range resolution; 1000 steps per channel; 200 vdc maximum voltage; c-size, single-slot vxibus module

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T228-b
