

View Online at <https://aerobasegroup.com/nsn/6625-01-448-0849>

Special Features:

G series closed loop; rated excursion 25 degrees optical; rotor inertia 4.3g-cm²; angular stiffness 0.10 nm/urad; wobble <25 urad peak to peak; jitter <50 urad peak to peak; coil resistance 2 ohms; coil inductance 6 mh, 1 khz; torque constant 0.05 nm/a; maximum torque 0.2 nm; angular sensitivi type 35 ua/deg optical; lineari type 0.3 pct; typical zero drift 30 urad/deg c; typical gain drift 0.015 pct/deg c; torque and electrical parameters are

Style Designator:

Rectangular or square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A310a0
