Overall Length:

16.000 inches

Overall Height:

5.000 inches

Overall Width:

10.000 inches

End Application:

Application data ifte cee

Test Item Connection Method:

Connector

Special Features:

Requested name interface test adapter

Special Test Features:

Unit must successfully complete one go-chain utilizing associated test program 3sra18a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
