Overall Length:

22.000 inches

Overall Height:

7.000 inches

Overall Width:

17.000 inches

Ac Voltage Rating:

Between 100.0 volts and 240.0 volts

Frequency Rating:

Between 50.0 hertz and 60.0 hertz

Calibration Type:

Peak to peak current and peak to peak voltage

Special Features:

Gpib/ieee/rs-232 compatible; 20 amp output dc current; overvoltage; overcurrent; over temp protection; transconductance amplifier; 50 turn current coil; auto shut down (temp)

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
