Overall Length:

16.000 inches

Overall Height:

5.000 inches

Overall Width:

16.000 inches

End Application:

Interfac drawing 9281256

Test Item Connection Method:

Cable and binding post

Special Features:

Requested name: interface adapterassembly ia-393

Functional Description:

This unit must successfully complete one go-chain utilizing associated test program 3sra1sa

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
