**End Application:**

Megapulse 03-2456

**Test Item Connection Method:**

Terminals

**Product Name:**

Component bracket assembly timing generator

**Special Features:**

Consists of bracket, component; regulator; overvoltage protector; rectifier; capacitors; resistors; insulating wafer; terminals; hardware

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A537k0
