Overall Length:

1.375 inches

End Application:

Cass otps 1g

Furnished Items And Quantity:

Conductor 1; square pin 1; compression spring 1

Tip Termination Type:

Hook

Conductor Attachment Method:

Cable attached by means of lead wire

Special Features:

Materials are hook, conductor and square pin beryllium copper; plunger and body plastic; compression spring stainless steel; lead wire 24 awg 19 x 36 polytetrafluoroethylene insulation; finish is hook, conductor and square pin gold plated; temperature range -55 degrees celsius to +200 degrees celsius

Color:

Red

Precious Material And Location:

Hook, conductor, square pin gold

Precious Material:

Gold

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-h
