**Overall Length:**

2.000 inches

**Overall Height:**

1.600 inches

**Overall Width:**

2.000 inches

**Ac Voltage Rating:**

1.5 volts

**Case Material:**

Brass

**End Application:**

An/usq-14 (v)

**Scaleaccuracy Rating In Percent:**

-0.500/+0.500

**Special Features:**

Ldirectivi type 45 db; freq .04 to 150 mhz coverage; rf type reflected port; internal reference-no lost terminations; sma female connector; insertion loss 7.0 db source to load port and 7.5 db load to reflected port

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T228-d
