End Application:

E-3b/c

Component Quantity:

22

Special Features:

Benchtop reconfigurable automatic tester (brat); consisting of a brat 105-a, nsn 6625-01-473-0201, with the addition of 94000605-10 rf output-1; 94000603-10 rf measurement 1-1; 94000604-10 rf converter-1; b500b brat rf test system option b-1; 94000855-01 microwave signal generator-1; 93000201-01 system mainframe-3; 93000293-01 power sensor-1; 93000155-01 power meter-1; 93000151-01 local oscillator-1; 93000173-01 if section (10 hz to 300 khz)-1; 93000152-01 if section (100 khz to 3 mhz)-1; 93000172-01 rf section (100 hz to 22 ghz)-1; 93000153-01 graphics display-1; 93000154-01 digitizer-1; 93000284-01 digitizing oscilloscope-1; 93000200-01 preamplifier (26.5 ghz) -1; 93000156-01 modular synthesized signal generator-2; 94000833-01 frequency extension module-1; 94000982-03 precision frequency reference-1

Shelf Life:

N/a
