Product Name:

High voltage probe

Special Features:

Probe high voltage signals up to 30 kv dc and peak ac, 10 kvrms and 50 mhz probe bandwidth

Functional Description:

Used for the measurement of fast high voltage signals

Type/model Designation:

N2771a

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
